INDUSTRY PARTNER (\$10,000 USD)

As an Industry Partner, your organization is acknowledged as an official sponsor of **The EV Report** platform. This 12-month sponsorship opportunity provides prominent industry exposure through multiple branding and advertising opportunities on the website, in the daily eNewsletter, and on various social media channels.

What's Included

- Ads/creatives displayed on righthand sidebar of website.
- Ads/creatives rotated in the content of the website.
- Company website listed and linked on Sponsor section of website.
- Acknowledgment in daily eNewsletter as sponsor.
- Promoted as Featured Sponsor in the daily eNewsletter.
- Promoted as Featured Sponsor in LinkedIn post.
- Priority coverage on announcements and press releases.

The screenshot displays the 'PODCAST' section at the top, featuring four interview listings with profile pictures and titles: 'Automobili Pininfarina: Interview with Andrea Crespi', 'von Holzhausen: Interview with Founder & CEO, Vicki von Holzhausen', 'Voltpost: Interview with Jeff Prosserman', and 'StoreDot: Interview with Doron Myersdorf'. Below this is a large image of a white Polestar electric car in a snowy landscape. Underneath the image is the headline 'Polestar's \$1 Billion Funding Milestone'. To the right, there is a search bar and a 'SPONSORS' section. The sponsors listed include NRSEV (Hybrid/Electric Galvanized Brake Pads), EVbeat (Ultra-Compact Next-Gen Solution e-Drive), and a partially visible 'Your Development Partner for Innovative' ad.

Continental Engineering Services - Your Partner in Braking Excellence

At **Continental Engineering Services (CES)**, we provide reliable, efficient, and high-performing brake technology for every application. Whether you need brake systems for series production, prototypes, or motorsports, we offer comprehensive solutions from the entire Continental technology portfolio, adapting them for niche applications and markets. Designed to meet the demands of modern mobility trends like automated driving and electric drivetrains, our brake systems ensure top performance and safety.

Our offerings go beyond traditional braking: they enhance vehicle dynamics, improve energy recuperation, reduce CO2 emissions, and deliver superior braking comfort. From off-road vehicles to Powersports and motorsports, our expertise spans a wide range of applications.

Discover more about our specialized solutions: brake expertise for people movers, redundant brakes for autonomous driving, powersports, and off-road vehicles. Stay tuned for more!

Continental Engineering Services: Engineering Excellence for Every Journey.
